

Research Volunteers Needed

***We are looking for healthy volunteers
to take part in our study to have BRAIN SCANS for
in depth cellular analysis***

We are conducting a research study to investigate the mechanisms underlying motor neuron disorders and need healthy volunteers as a comparison.

The study will include up to 3 visits involving:

- Two magnetic resonance scans (MRI) of your brain
- Taking a small skin sample
- Taking two small samples of blood
- Two lumbar punctures to collect a sample of cerebrospinal fluid (CSF)

If you think you would like to help with this research, or would like more information, please contact a member of the research team:

**Liam Haslam on 0114 231 339 / liam.haslam@sth.nhs.uk
or Lee Tuddenham on 0114 222 2263 / l.tuddenham@sheffield.ac.uk**

You will be reimbursed for any travel expenses incurred
